Ordinance on Measures to Combat the Coronavirus (COVID-19) in International Passenger Transport (COVID-19 Ordinance on International Passenger Transport Measures) of 2 July 2020 (Status as of 14 September 2020)

The Swiss Federal Council, on the basis of Article 41 paragraph 3 of the Epidemics Act of 28 September 2012¹ (EpidA), ordains:

Art. 1 Subject matter and purpose
This Ordinance introduces measures in relation to international passenger transport to prevent the cross-border spread of the Sars-Cov-2 coronavirus.

Art. 2² Quarantine for persons entering Switzerland

1 Persons who enter Switzerland and who have within the previous 10 days stayed for any time in a country or area with an increased risk of infection with the Sars-Cov-2 coronavirus (country or area with an increased risk of infection) are required immediately on entry to go directly to their home or to other suitable accommodation. They must remain there continuously for 10 days following their entry (quarantine).

2 If a person enters Switzerland via a country or area that does not have an increased risk of infection, the competent cantonal authority may deduct the time spent in that country or area from the period that must be spent in quarantine in accordance with paragraph 1.
Art. 3  Country or area with an increased risk of infection

There is an increased risk of infection with the Sars-Cov-2 coronavirus if at least one of the following requirements is satisfied:

a. The number of new infections in the country or area concerned in the past 14 days is more than 60 per 100,000 persons, and this number is not due to specific incidents or cases occurring in a narrowly defined geographical area.

b. The available information from the country or area concerned does not allow a reliable assessment to be made of the risk situation, and there are indications that there is an increased risk of transmission in the country or area concerned.

c. In the past four weeks, there have been repeated instances of infected persons who have stayed in the country or area concerned entering Switzerland.

Art. 4  Exceptions to the quarantine requirement

The following persons are exempted from the quarantine requirement under Article 2:

a. persons who transport other persons or goods professionally by road, rail, ship or plane;

b. persons whose work is essential to maintain:
   1. the efficiency of the health service,
   2. public security and order,
   3. the efficiency of institutional beneficiaries as defined in Article 2 paragraph 1 of the Host State Act of 22 June 2007,

   Switzerland’s diplomatic and consular relations;

c. persons who in the course of their professional activities for rail, bus, shipping or airline companies transport passengers across borders and in doing so have spent time in a country or area with an increased risk of infection;

5 SR 192.12
d. persons who for professional or medical reasons enter Switzerland every day or for up to 5 days and whose visit cannot be postponed;
e. persons who as transit passengers have stayed less than 24 hours in a country or area with an increased risk of infection;
f. persons who enter Switzerland for the purpose of transiting the country and who intend and are able to travel on directly to another country;
g. persons who re-enter Switzerland after participating in an event in a country or area with an increased risk of infection, provided they prove that their participation and stay took place in compliance with a specific precautionary measures plan; participating in an event includes in particular participating, normally in a professional capacity, in a sports competition or cultural event, or in a professional conference;
h. persons who re-enter Switzerland after a stay of up to 5 days in a country or area with an increased risk of infection that was required for professional or medical reasons and which could not be postponed, provided they prove that a precautionary measures plan for the stay in the country or area concerned was drawn up and implemented.

2 The employer shall verify and certify that entering Switzerland is essential in terms of paragraph 1 letter b.

3 The competent cantonal authority may in justified cases permit further exceptions from the quarantine requirement or relax certain conditions.

4 For persons who display the symptoms of COVID-19, paragraph 1 does not apply unless the symptoms have a different cause.

Art. 5 Duty to notify for persons entering Switzerland
Any person who is required to go into quarantine in accordance with this Ordinance must notify the competent cantonal authority within two days of his or her arrival in Switzerland and follow the instructions they are given by this authority.

Art. 6 Amendment of other legislation
The following enactments are amended as follows:

Art. 7 Commencement
This Ordinance comes into force on 6 July 2020 at 00.00.
